

## ADVERTISEMENT FOR BIDS

Sealed Bids for construction of the Northside Water Pollution Control Facility Phase II Improvements Project (the "Project") addressed to the City of Auburn, Alabama Water Resource Management (the "Owner"), Auburn City Hall, 144 Tichenor Avenue, Auburn, Alabama 36830, will be received at the office of the Owner, until 10:00 a.m., local time, on the 10<sup>th</sup> day of July, 2007. Any Bids received after the specified time will not be considered.

Bids will then be publicly opened and read in the Finance Department Meeting Room of the Auburn City Hall.

Bids must be submitted upon the standard forms furnished by the City of Auburn, Alabama. No bids may be withdrawn for a period of sixty (60) days after the scheduled closing time for the receipt of bids.

This Project provides for the construction of two new pump stations (Northside WPCF Transfer Pump Station and Choctafaula Pump Station) along with upgrades to the existing Northside WPCF Influent Pump Station and Upgrades to the facility's electrical system. The overall goal of this Project is to allow conveyance of all or part of the Northside WPCF's influent flow to the H.C. Morgan WPCF to increase redundancy and reliability. Conveyance of the flow will be accomplished by influent flow being diverted to the Northside WPCF Transfer Pump Station. This station will convey the flow to the Choctafaula Pump Station where it will be repumped and conveyed to the H.C. Morgan WPCF. The interconnecting force mains are being completed as part of a separate Contract. Major work items include:

- **Northside Water Pollution Control Facility (WPCF) Project Site:**
  - Installation of new pumps, rails, piping, valves, etc., along with a new cover hoist and monorail and for the existing Northside WPCF Influent Pump Station.
  - Installation of a precast concrete Electrical Building.
  - Construction of Northside WPCF Transfer Pump Station.
  - Replacement of two motor control centers in the sludge pumping station.
  - Installation of electrical gear, and new generator.
  - Replacement drives for Northside WPCF Clarifier Nos. 1 and 2.
  - Site work to include grading and paving.
  - Miscellaneous piping and connection to new force main (construction of force main not included in this Project).
  - Erosion control.
- **Choctafaula Pump Station Project Site:**
  - Construction of Choctafaula Pump Station.
  - Installation of a precast concrete Electrical Building.

- Miscellaneous piping and connection to new force main (construction of force main not included in this Project).
  - Installation of electrical gear and generator.
  - Site work to include grading, construction of an earthen berm with stop logs, fencing, paving, and lighting.
- **Miscellaneous Items:**
    - Installation of a SCADA system at the H.C. Morgan WPCF.

The Work will be Completed in all Respects within: 365 calendar days from the date when the Contract Times commence to run.

Bidding Documents may be examined in Owner's office, The Bailey-Alexander Water and Sewer Complex, 1501 W. Samford Avenue, Auburn, AL 36832 or at Engineer's office, CH2M HILL, 2567 Fairlane Drive, Montgomery, AL 36117. Bidding Documents may be obtained from the Engineer's office upon payment of \$200.00 for each set of documents. The documents will include two volumes of Specifications and one volume of Drawings in 11 by 17 format.

The amount paid by prime contractor Bidders for first set of Contract Documents is refundable in full if Bidding Documents, in reusable condition, are returned within 10 days after Bid opening. Amount paid for additional sets of Bidding Documents for prime contractor Bidders and other entities represents the cost for printing, reproduction, handling, and distribution, and is not refundable. No partial sets, individual pages, or Drawing sheets will be provided.
